FUNNEL

6:00-6:45 p.m.

With a sound begging for Rock radio airplay, Lexington's Funnel is building a buzz, especially with its new CD release, *Wide Open*. The group strives for a mix of Classic and Alternative Rock, and the resulting style has helped land opening slots for everyone from Third Eye Blind and Candlebox to Dokken and Spacehog. Funnel's tight, polished sound is certainly ready for the majors.
